7. Troubleshooting

Q1: My Cute Panda will not power on.
Please charge it and check there is the red led on?
Once charged fully and please turn on it again.

Q2: I am having trouble pairing and connecting to my device.
Please check the following:
1) Please make sure that the Bluetooth function of your device is normal and if possible, you can pair other Bluetooth headphones your device and check that it is right?
2) If necessary, please turn off Bluetooth function of your other devices, such as cellphone that had paired Cute Panda to avoid Cute Panda wrong reconnection and don't enter into pairing status. Please keep Cute Panda into pairing status with Blue & Red led flashing alternately. This is very important!
3) Please do the "4.10 Reset and Clear the Pairing Records" and try it again.

Q3: After paired with phone, I can't hear any music from Cute Panda or volume is very little.
Please check the following:
1) Make sure the pairing is correct and Cute Panda Headphones has been connected the correct phone or device.

Q4: I think the range is not long enough as expected.
